NSF® Certification

Graphite Metallizing Corporation proudly announces that NSF International has certified grades of GRAPHALLOY® material for use in municipal well pumps and water treatment plant applications. These GRAPHALLOY grades are certified to NSF/ANSI Standard 61—"Drinking Water System Components - Health Effects" and approved in the category for Multiple Water Contact Materials up to 180° F.

GRAPHALLOY Grade GM 695.3
GRAPHALLOY Grade GM 696.3

NSF Certification is the result of Graphite Metallizing's rigorous product testing to ensure the highest quality GRAPHALLOY products for the market.

Very truly yours,

Eben T. Walker
President
